

Dream Sport Academy Health Measures

In order to ensure the health and safety of all of our students, parents, coaches and persons who may live on site, DSA has taken the following precautions before, during and after each class.

Before Class:

- All coaches/staff will be asked to fill out a necessary health declaration form to make sure they have not left Hong Kong or travelled in the last 14 days and that they have also not been in contact with anyone who has been in quarantine, home isolation or has had Covid-19.
- All students/parents will be given a health declaration form to make sure they have not left Hong Kong or travelled in the last 14 days and that they have also not been in contact with anyone who has been in quarantine, home isolation or has had Covid-19.
- **All children must be dropped at Gate 1 (except students of HIS101, 3-5 yrs) and a member of staff will guide them to the temperature check station.** Parents will not be allowed inside the facility.
- All coaches/staff will be given a thermometer, hand sanitizer, masks and disinfectant materials to use.
- All students will have temperature checks from our staff before they enter the facility and will then be given hand sanitizer once they enter.

- Students/parents will be told to not touch doors, walls and railing unless it is necessary.
- A Coach/DSA staff will guide the parents towards the playing courts where there will be other staff waiting.

During Class:

- There will be multiple playing areas:
 - Astro Pitch A & B (Football)
 - QE II Court A & B (Basketball)
 - 5th Floor Sports Hall Court C (Badminton)
- All students are required to have their own water bottle.
- Masks will be optional for students during play but must be worn when not playing.

After Class/Next Classes:

- Students will be given hand sanitizer once more before they leave the facility.
- Equipment will be left in the students area and staff will proceed to use the disinfectant materials to clean and store away or use for the next class.
- All children will be brought to Gate 1 by a member of staff where they will then be picked up by their parents or leave the facility on foot.
